

DACORUM NEIGHBOURHOOD CARE & SUPPORT EVENT

Following feedback from the Anchor Programme event held in Dacorum on 25 March 2026, we are bringing together community organisations, grassroots groups, primary care, social prescribers, Proactive Anticipatory Care (PAC) colleagues and wider neighbourhood partners for a more localised Dacorum focused event.

The session will create opportunities to meet local organisations and neighbourhood partners, better understand support available across Dacorum, share insight around barriers and community needs and explore opportunities for stronger neighbourhood relationships and collaboration.

The event will take a more informal and conversation-based approach, creating space for organisations and partners to speak directly with one another, share experiences and build local connections.

Date: Monday, 22nd June 2026

Time: 11:00am – 1:00pm

Venue: South Hill Centre, Cemetery Hill, Hemel Hempstead HP1 1JF

This includes:

- Community and VCFSE organisations
- Grassroots and neighbourhood groups
- Primary care colleagues
- Social prescribers and community link roles
- Proactive Anticipatory Care (PAC) Service
- Housing and council colleagues
- Wider neighbourhood and community partners across Dacorum
